Our clients took on the Balnoon in 2020 and have invested heavily to create a smart venue that is both suited to large events and occasions, with the addition of accommodation during the Spring and Summer months. It has also provided them with large private accommodation to enjoy, but with other venues ranging from Cornwall to London, and being management run, the time has come to assign the remainder of the 21 year term. Considerable opportunity exists to build on the existing business, which has been run predominately to concentrate on events as best suits our clients model.
